

## GAC Report

Date: 14.5.2024

**Chapter Chair:** GAC  
**Event:** Stakeholder Workshop on E-Katlog MyHIJAU-GGP  
**Organised By:** Malaysia Green Technology and Climate Change Corporation (MGTC)  
**Date:** Wednesday, 15 May, 2024  
**Time:** 9.00am to 5.00pm  
**Place:** Dorset Hotel, Putrajaya  
**Report By:** Mr. Chea Suei Keong  
**MASHRAE Rep:** Mr. Chea Suei Keong, Ts Ng Wen Bin and Dr Ts King Yeong Jin

**Report:** A stakeholder workshop set up by MGTC to assist in developing the Empowerment project of 40 Product Groups Including 9 Mandatory Products and Services for Government Green Procurement (GGP) Through the Upgrade of the Directory MyHIJAU Portal under the RMK-12 RP4 plan. The implementation of this project is a follow-up from a pilot project that has successfully developed product criteria and e-catalogues for 5 Product Groups (Product Group - PG) in Green Government Procurement (GGP) in collaboration with the Deutsche Gesellschaft für Internationale Zusammenarbeit (GIZ), a technical expert agency appointed by the German Government.

For information, MyHIJAU Directory has been developed to support the implementation of GGP through the listing of green products and services that have been verified to simplify the search for green products and services. The development of product criteria and the creation of this e-catalogue will help Government procurement officers to reference criteria for the preparation of documents and carry out the government's green procurement process. To meet the requirements of GGP, product criteria for 35 Product Groups that have not yet been implemented are being developed under this RMK-12 Project.
